Here are some comments from members who currently participate in monthly online giving:

- Carole Blue: “I feel strongly that we need to keep our headquarters open year-round to combat misinformation from the MAGA-maniacs. I like to set up automatic monthly donations on ActBlue to the ICDP. I give a small amount, but it adds up and I don’t have to remember to get on the website each month. Even \$5 or \$10 monthly helps a lot.”
- Gloria Brooks: Giving monthly helps the ICDP to plan our expenses. While fundraising event donations are important, they come at different times throughout the year and it’s hard to plan to pay monthly bills like the rent and electricity (just like at home!). By setting up automatic donations, I don’t have to think about getting a check to the office. And it’s easier on my pocketbook to spread my support throughout the year instead of writing one check.

Why do I give to the ICDP? I cannot abide the thought of our lives and our children and grandchildren’s futures, environment, and democracy, as well as their very lives being in the hands of oligarchs, and extremists. During my early adulthood, donating \$10.00 a month to anything was impossible. I was supporting myself entirely while paying for college by working two jobs. At age twenty-six my spouse of two years and I financed the purchase of a modest home, another money challenge. Ten bucks was still a significant sum. Fortunately, I am now able to make a monthly automatic donation to ICDP.

I donate every month to ICDP because I have spent money on ridiculous and useless things. Donating to ICDP makes me feel fabulous because Dems make a positive difference. That difference could save lives and increase opportunity for a better country and world for the future of us all. Our legacy is ours to create. At \$10.00 a month that’s an AWESOME DEAL!
